BLUE MOUNTAINS ONE DAY ROAD TRIP

Head through the city of SYDNEY and down PARRAMATTA ROAD heading toward the BLUE MOUNTAINS.

First stop of note is the first village of GLENBROOK and a good place to stretch your legs. Often Kangaroos to be seen here.

Climbing further on the GREAT WESTERN HIGHWAY you go through BLAXLAND and LAWSON and WENTWORTH FALLS. (All 3 villages are named after the 3 explorers who discovered this route through the BLUE MOUNTAINS).

At WENTWORTH FALLS turn left onto FALLS ROAD and drive down to the WENTWORTH FALLS CAR PARK. Jump out and follow the road to the view point. Take the walk down to the falls, over the stepping stones and down the steps. Keep going until you are under the falls. Pretty amazing.

Jump back onto the GREAT WESTERN HIGHWAY. A short drive later turn off and drive through the village of LEURA, along the mall and onto the CLIFF DRIVE will take you to the 3 SISTERS. It's far better than the GREAT WESTERN HIGHWAY.

Park here & take in the view. You can walk down the GIANT STAIRCASE to the 3 SISTERS VIEWPOINT but don't go much further because it takes you to the valley floor a steep railway which costs money and does not bring you back to the 3 SISTERS VIEWPOINT. Stick to the immediate area of the view point.

The JENOLAN CAVES

The JENOLAN CAVES are 73km and 70 minutes drive from KATOOMBA. Use Google Maps to get directions. Before you drive call them on 1300 76 33 11 for availability & cave tour deals. All tours are guided, we recommend the Lucas Cave tour, The Imperial Diamond Cave tour or the Orient Cave tour all approx. 2 hours long.

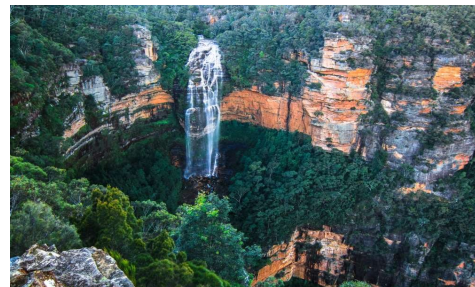

Not one person has ever said it was not worth the visit. Very very awesome and not to be missed if you have the time.

Drive back the way you came to BONDI BEACH.

Let us know how it went please. We hope you had a good day!
